ISSUES OF THE MAHATHIR YEARS

PREFACE

This compilation consists of press statements, short essays and summaries of speeches produced by Aliran officials during the period October 1981 to December 1986 which roughly coincides with Dr Mahathir Mohamad's first five years as Prime Minister. The important matters dealt with include human rights and democracy, the Official Secrets Act and financial scandals. Most of the issues raised herein directly or indirectly involve Dr Mahathir as the protagonist. Hence the title 'Issues of the Mahathir Years'. The protagonist himself has readily acknowledged his dominance of the national stage throughout this period and after. As Oscar Wilde once said, 'To love oneself is the beginning of a lifelong romance'.

The book is a production of the English Publications Bureau. V.P. Mohan and Lim Swee Kin helped in the collecting and editing of the materials. The attractive cover design is the work of Joceline Tan.

We hope that the book succeeds in its purpose of providing a mirror of a very important period in our history as a modern Third World nation, of which the denouement is now in progress. Readers will have to assess for themselves the pertinence and the value of the contents.

31st December 1988
