# BLOGGING AND DEMOCRATIZATION IN MALAYSIA

**The Strategic Information and Research Development Centre (SIRD)** is an independent publishing house founded in January 2000 in Petaling Jaya, Malaysia. The **SIRD** list focuses on Malaysian and Southeast Asian Studies, Economics, Gender Studies, the Social Sciences, Politics, and International Relations. Our books address the scholarly community, students, the NGO and development communities, policymakers, activists, and the wider public.

**SIRD** also distributes titles (via its sister organization, **GB Gerakbudaya Enterprise Sdn Bhd**) published by scholarly and institutional presses, NGOs, and other independent publishers. We also organize seminars, forums, and group discussions. All this, we believe, is conducive to the development and consolidation of the notions of civil liberty and democracy.
